

“Here stands God on the day of creation. He looks at stars and He says “all you stars move yourself to this place and start in this order and move in a circle and move exactly as I tell you, until I give you another word. Planets-pick yourself up and whirl, make this formation at my command, until I give you another word. He looks at mountains and says “be lifted up” and they obey him. He tells valleys “be cast down” and they obey him. He looks at the sea and says “you will come this far”, and the sea obeys. Then, he looks at you and says “come” and you go “no! Does that bother anyone?” - Pastor Paul Washer

“People tell me judge not lest ye be judged. I always tell them, twist not scripture lest ye be like satan.” – Pastor Paul Washer

"I don't care how strong your religion is, or how strong your church life is, I don't care how strong your morality is. On that day of judgment God will tear it down and it will wilt. Whenever humans declare themselves to be righteous they are doing it by contrasting themselves with other humans who are worse. And you can get away with that, but when your righteousness is contrasted with the righteousness of God there is nothing but to throw yourself down and declare your morality to be dung." – Pastor Paul Washer

"How could we have such a low view of the gospel of Jesus Christ that we have to manipulate men psychologically to get them to come down and pray a prayer? . . . How many times have I heard evangelists say, “*It'll only take five minutes.*“? No my dear friend, it will take your life—all of it! “*We're just trying to attract people and then we'll gradually bring them in further and further.*” That is what the cults do, that's not what Jesus did. Notice that in the gospels every time a great crowd is following Jesus, he turns around and says something so radical to them that most of them walk away. Of course Jesus probably would not get invited to teach evangelism [in most churches today].” - Pastor Paul Washer

“If God must act against what is not just, He must act against you...A preacher who wants you to walk out the door feeling good about yourself will never enable you to feel good about God...Everyone thinks a good and loving God ought to do something about evil, but nobody wants to define evil...Why is it that you think that I must be angry about wickedness but you say it's wrong for God to be angry about wickedness?”- Pastor Paul Washer

"You won't hear much about this in modern day Christianity in America, but one of the greatest signs of God being with a people is His discipline. And one of the greatest signs of God not being with a people is the lack thereof." – Pastor Paul Washer

"So many of us—so many times—fight against a certain work of God without which we will never produce excellent fruit. We have been so led into believing that everything difficult, everything that conflicts, everything that scrapes us and works as a rasp in our life to take away our comfort—that it's from the devil. That's what America has taught us; a comfortable Christianity. When what we do not realize is those who say such things are

blaspheming. Because in the life of God's people, in His Church, in His vineyard, God the Father is the vine dresser and He is the One that is cutting away at us. He is the One that is pruning us. He is the one that is cleaning us." – Paul Washer
